"French with a Mission" by Debora Hawkins

Teach French as a second language with these complete and well-organized programs designed to meet government educational standards in Ontario, Alberta, and British Columbia. Comprehensive (but not over-whelming), creative, easy-to-teach methods with an evangelical missions perspective. (Author was an "MK", and a French schoolteacher.)

Teacher's manuals are designed so that non-bilingual teachers can confidently teach the curriculum with the help of the CD and resources. There are two series of books—one for beginners in kindergarten to Grades 2/3 (Mission ABC) and the other for those just beginning French studies in Grade 4 or continuing on (Mission Monde). Each level is one year's worth of French studies. The French on the CDs is Parisian French. If a student learns Parisian French, he or she can be understood in any French-speaking country.

Spanish ABC and levels 1-4 Misión Mundo also available – same prices as French.

🍁 Mission ABC

This is a French discovery program for younger students with activities and songs. Mission ABC is in 4 levels (equaling 4 years of lessons if you use one workbook per grade or 2 years of lessons if you use 2 workbooks per grade). The Teacher's Manual includes

all 4 levels and offers activities, games, songs and review lessons. These consumable workbooks have 40 pages/20 lessons each and every 10 lessons there is a small oral test. Mission ABC covers some vocabulary on the topics of Alphabet, Numbers, Shapes, Colours, Days of the Week, Months of the Year, Seasons, Food, Animals, Body Parts, Classroom Vocabulary, Prepositions, Family Words, Telling Time, Emotions, Weather, House Words, Clothing, Continents, Transportation, Buildings, Sports, Instruments, Pronouns, and verbs être and avoir. (It is NOT a prerequisite to Mission Monde French nor is it a substitute for it. It is simply a program for families wanting to introduce their children to FSL earlier than the junior grades. Mission Monde will repeat any necessary vocab/skills that exist in the ABC levels.)

No French? No Problem! (Grade 8+)

This is a reproducible resource book originally designed to help teachers in Christian schools to test and catch up new students to the level of French of their peers in the classroom. It fast tracks and tests an individual student through the concepts they should have learned to be in a particular level, showing them when to stop and join their peers in Grades 4-9. If you are a home schooler who is considering putting your child into a public or private school, this could be a very helpful resource to use over the summer vacation before he or she reaches the classroom.

#NF01889 - \$150.00 (book, CD) ☺

15 French (or Spanish) Bible Stories with CD (K-5)

A colouring book to practice translation..... \$25.00 ☺

Core French (Grades 4-10)

🍁 Mission Monde

Bring an element of cross-cultural adventure and missions emphasis into the French classroom! Each grade level of MM is focused on a French-speaking location and a real missionary family with children in the same grade. Students will read stories about their experiences overseas and in Québec. Cross-cultural tidbits as well as historical facts are shared throughout the curriculum. Students will be encouraged to integrate their faith into a variety of settings, pray in French, and memorize Bible verses. This is not just a language class; watch as students gain an interest in French and the mission field! The mission-related topics are listed below for each level of this curriculum.

Students follow along with the CD and, in addition to the accompanying consumable workbook, should each have their own binder with 5 dividers in it for the sections of stories, vocabulary, conjugation, worksheets, and practice exercises. Each level of Mission Monde has a consumable student workbook, a teacher's manual (tests, lesson plans, reproducible worksheets, games, an answer key, flashcards for pronouns, phonetics, and French/English verbs), and a CD. **Packages include 1 teacher's manual, 1 CD, and 1 student workbook unless otherwise noted.**
